## DIED OF MAD TORTURE

Tennessee Mob Metes Terrible Death to a Negro.

### CRIME MERITED THE PUNISHMENT

Stamped Him to Death—Riddled Him With Bullets—Burned His Body on Street—Fiend Tied His Victim and Outraged Her—Gauged Out Her Eye.

FLORENCE, Ala., July 16.—Near West Point, Tenn., Tuesday afternoon, Miss Rene Williams was found brutally murdered in the woods near her home. Anthony Williams, her murderer and ravisher, has been captured since near Pruitton and has expiated his crime in the streets of West Point in the presence of 500 people.

Williams was riddled with bullets and burned in the streets of West Point; his body being burned to ashes. Before a shot was fired, the negro was knocked down and stamped to death. Then the crowd fell back and those who had pistols fired volley after volley at him. The crowd then gathered wood and building a fire over him watched the ghastly scene until the murderer was only ashes.

For two days and nights 500 men, armed and determined, have scoured the country for miles. Several times posses were within shooting distance of him, but he escaped. He was captured within 16 miles of the scene of his crime. A man named Clark, to whom he applied for tobacco, held him for the crowd. Williams was first traced to Iron City, where he traded the young lady's belt to a negro woman for a night's lodging. He was later seen at Pruitton and several shots were fired. All trace of him was lost for a time until searchers came upon him three miles south of Pruitton. He had been in the woods without food over two days and running most of the time, so that he was exhausted.

The crowd quickly took him back to the scene of his brutal crime, tied him to the same tree that he had tied his victim to when he outraged her, and there gave him a torturing death. The mob was composed of most substantial men.

The victim was shortly to have been married to a young man in Nashville. Her intended husband came down from Nashville and was at West Point to meet the crowd of avengers and assist them.

The young lady left her home early Tuesday morning to pick berries. When she did not return for dinner her friends went in search of her. She was found dead and tied to a sapling with a leather strap around her neck. One of her eyes had been gouged out and in her tightly clenched hands were leaves and grass. All around the ground showed that a terrible struggle had taken place. When the negro was captured his face and arms were terribly scratched and torn.

## BIMETALLISM PROPOSED.

France Joined the United States in a Joint Offer—The British Cabinet Took the Matter Under Advisement—Those at the Conference.

LONDON, July 16.—A joint proposal of bimetalism has been presented on behalf of the United States and France at a conference held at the foreign office between Baron de Courcel, the French ambassador, representing France, Ambassador Hay, Senator Wolcott, former Vice President Stevenson and Paine, representing the United States; Lord Salisbury, Sir Michael Hicks-Beach, chancellor of the exchequer, and Mr. A. J. Balfour, first lord of the treasury, representing England, and Lord George Hamilton, secretary of state for India, representing India.

The proposals, after some discussion, were taken under advisement and the British cabinet will give its answer at a subsequent conference.

It is reported that an international conference will be summoned probably to meet in the United States, with Great Britain participating. All the delegates will be un instructed with regard to the ratio, although it is well known, of course, that the United States favors 16 and France 15½ to 1. According to the report England's participation would mean India's and there is a prospect of some concessions as to the Bank of England's reserve and silver certificates.

### SECRETARY DOWLING RE-ELECTED.

The Convention of Republican Clubs Ended at Detroit.

DETROIT, July 16.—The feature of the closing day of the Republican League convention was a struggle over the next place of meeting. Omaha, which had been recommended nearly unanimously by the committee having the matter in charge, had the pull all along, but Baltimore made an extremely hard fight for the honor, and

the disappointed Maryland people were not disposed to give up their efforts, even after the convention had recorded itself for Omaha. Chicago, Dallas and Los Angeles were candidates which could be chronicled only among the "also rans."

Secretary M. J. Dowling, who had done distinguished duty for two years, was very easily re-elected, according to the program of the principal slate, and the Illinois and Michigan delegates were unable to make any great showing for Chapin and Blakeley, their respective candidates. There was no semblance of a contest over the nominal position of treasurer, for which Frank J. Higgins of New Jersey was selected. The convention was notable for the noise made during the sessions.

### JOINED THE UNION.

The Miners Near Steubenville Organized. Will Tackle Other Mines.

STEUBENVILLE, July 16.—The miners at Kelly's mines, which joined the strike but were not in the union, organized a union after an address by T. L. Lewis, secretary-treasurer of the United Mine Workers. Ten miners started to work, but were induced to quit. An objective point of the miners' officials now is the Mellon's station mines in Harrison county, where the Panhandle is getting coal. The order to trainmen having through engines is to get full tanks of coal there.

MASSILLON, O., July 13.—The miners employed at the Standard mine at Navarre have joined the strikers. The Camp Creek miners have also gone out.

CANAL DOVER, O., July 16.—The heavy mines at Midvale, Goshen and Watwright, all south of here and operated by R. H. Wainwright of Massillon, are closed tight, with no prospects of resumption. Frank McIntosh, superintendent, made an unsuccessful effort to have the men return to work. There are 600 of them who are idle and many of their families in need of food. The siding of the Cleveland, Lorain and Wheeling railroad north and south of here are filled with loaded coal cars for the railroad's consumption. So far no West Virginia coal has been shipped by this line.

### Tinplate Mill Closed Down.

CLEVELAND, July 16.—The Crescent Tinplate mill has closed every department. The heaters refused to go to work and without them it was impossible to operate the mill. The company decided to shut down indefinitely. All the heaters were taken into the Amalgamated Iron and Steel association. The mill may be closed until the settlement of the strike.

### Sargent Offered to Help.

COLUMBUS, July 16.—In a letter received by President Ratchford from P. F. Sargent, grand master of the Brotherhood of Locomotive Firemen, Mr. Sargent offers his personal assistance in any manner deemed best by Mr. Ratchford and also suggests a plan for the membership of the organization, numbering 30,000, to assist the strikers financially.

### Coal Price in Cleveland.

CLEVELAND, July 16.—The price of West Virginia run-of-mine coal is now \$3 per ton on track here. It was \$1.50 prior to the strike.

### MARRIED A FORMER SERVANT.

Aristocratic Dr. Cadwallader of Philadelphia Has Caused a Sensation.

PHILADELPHIA, July 16.—Dr. C. E. Cadwallader, the head of one of Philadelphia's oldest and most exclusive families, has been married in St. Paul's Episcopal church to Bridget Mary Ryan, his former housemaid.

The marriage caused quite a sensation in society circles in this city. The bride came to this country five years ago from Tipperary, Ireland, and three years later entered the doctor's employ as housemaid. The doctor took more than an employer's interest in the fair Irish girl, and finally proposed marriage. The young lady accepted and after vainly endeavoring to have the Roman Catholic church, of which she was a member, waive all restrictions, Miss Ryan gave up her religion and joined St. Paul's Episcopal church, of which Dr. Cadwallader is a vestryman. The old Cadwallader mansion, at Fourth and Spruce streets, is one of the most interesting houses in Philadelphia, from a social historic point of view.

The bride comes from poor but respectable Irish parents. She is 21 years of age, while her distinguished husband has passed 50.

The couple left on a brief wedding trip.

### Peary Getting Ready to Sail.

BOSTON, July 16.—Lieutenant R. E. Peary, the Arctic explorer, has arrived in this city and will proceed at once to make preparations for his departure for Greenland, where he is to establish a base of supplies for a prospective trip to the north pole in 1899.

### Caused a Great Commotion.

KANSAS CITY, July 16.—The order of the police commissioners of Kansas City, Kan., that women prisoners must work on the stone pile along with the men has caused a great commotion and has not yet been put into effect. Perhaps it may never be.

### Lady Scott Released.

LONDON, July 16.—Lady Selina Scott, mother-in-law of Earl Russell, who in January last was sentenced to eight months' imprisonment for criminally libeling him, has been released.

## GOOD NEWS TO MINERS

Ratchford's Bulletin No. 1 Predicts Ultimate Victory.

### CAUSE GETS STRONGER EACH HOUR

He Says the Mines Are About All Closed Down in Western Pennsylvania and Ohio—West Virginia Miners Expected to Suspend Work.

COLUMBUS, July 16.—President Ratchford and Secretary Pearce have issued an official bulletin, No. 1, to the miners, it being a review of the situation. The bulletin says:

"Our fight for living wages now covers, in whole or in part, eight states of the Union. It is a general suspension, and no local settlements will be authorized or recognized.

"The second week and the eighth day of our suspension brings with it greater assurance of ultimate victory than any previous day. Our forces are increasing every hour, our determination is unflinching and our actions are law-abiding in every particular.

"The state and number of miners involved are as follows:

"Western Pennsylvania—Fully 20,000 miners have joined us for living wages, which makes suspension almost unanimous in every mine in the district. Work still continues in the central field, but steps will be taken in a few days looking to a suspension, which it is believed will be successful.

"Ohio—Eight thousand miners have laid down their tools in their demand for living wages, making the suspension general except in a few local mines.

"Indiana—Advices received report every mine and every miner in this state suspended. Eight thousand have joined the march for living wages.

"Illinois—Reports from this state are to the effect that suspension is practically general, and that miners are determined to continue the march until living wages are secured.

"West Virginia—About 3,000 miners have joined the movement. Reports from various sections of the state confirm the belief that miners will suspend. Eight organizers have left this city for West Virginia. Supply of coal from that field will be cut off in a very few days.

"Kentucky and Tennessee—About 4,000 miners have suspended, others may be expected to follow.

"Kansas—Miners are all at work, but will hold a convention on Saturday. It is expected that they will also suspend.

"Alabama—Reports indicate that 3,000 miners or more have suspended. Nothing further learned of their action.

"The supply of coal is fast becoming exhausted at the various distributing points. Railroads are confiscating shipments, cities are almost without supply. In fact, a coal famine is near at hand."

President Ratchford has mailed personal requests to miners throughout the country asking for statements regarding the wages they received for publication for the benefit of the public. Thirty-nine miners in the Sandy Creek valley have been heard from. Since early in the spring the wages of these men for each two weeks has averaged \$5.74 each. The total earnings was \$223.98 and for the same period their indebtedness to the operators for rent, provisions, mining materials, etc., aggregated \$619.29, leaving the miners in debt to their employers in the sum of \$396.71.

### WORKING FOR UNIFORMITY.

Both Arbitrators and Miners' Officials Trying to Get Signatures.

PITTSBURGH, July 16.—Both the arbitrators and miners' officials are hard at work trying to secure the 95 per cent of the coal operators' signatures to DeArmit's uniformity scheme.

Mr. DeArmit reserves the right to name the operators in the Pittsburgh district who are to comprise the list from which the 95 per cent is to be secured. He has served notice that the Westmoreland county operators must be included. The agreement provides for an assessment of one-tenth of a cent on every ton of coal produced by the operators. This money is to create a fund to be used to protect the parties to the agreement against those on the outside.

The miners' leaders are determined to keep all mines closed until the advance demanded is generally granted.

### ADVANCED 14 CENTS.

West Virginia Operators Combining to Fight Labor Leaders.

CINCINNATI, July 16.—An important counter movement against the organizers of the United Mine Workers in West Virginia has been begun here by a conference of five operators in the state. They determined to give their miners an advance of 14 cents a ton above the present rates and to make a corresponding increase in the price of coal at the mines.

They have returned to ask all other operators in the state to do the same. It is the opinion of coal men here that their action will be approved and followed by the other operators in the state. The price of coal at the mines is raised to \$1.25 per ton.

### BAPTIST YOUNG PEOPLE.

The Seventh Annual Convention in Session at Chattanooga.

CHATTANOOGA, July 16.—The seventh international convention of the Baptist Young People's Union of America is being attended by some of the most prominent Baptist leaders in the country. There are about 4,000 delegates.

The convention was opened with a short song service, led by Dr. L. L. Henson of Fort Wayne, formerly secretary of the board of managers. The immense audience joined enthusiastically with the choir in the singing and a great wave of inspiring harmony floated through the building. At the close of the song service Dr. Henson read the forty-sixth Psalm and delivered a fervent invocation, after which President Chapman arose and delivered the opening address.

At the conclusion of President Chapman's address, Dr. E. E. Hunt moved that the provisional program be adopted as the convention program. The motion was unanimously adopted.

The addresses of welcome, all eloquent and interesting, then were delivered.

Dr. H. W. Reed, recording secretary, then announced the standing committees and leaders of important topics for each state represented in the convention.

### THE EPWORTH LEAGUE.

Methodists Received Warm Welcome at Toronto.

TORONTO, Ont., July 16.—The opening meetings of the Epworth League were held in the pavilion and the Metropolitan church in this city.

In the pavilion, A. S. Hardy, premier of Ontario, warmly welcomed the visitors, as did also Rev. A. Carmen of Toronto.

Replies were made for the Methodist Episcopal church by Bishop W. X. Nide of Detroit, and for the Methodist Episcopal Church South by Bishop O. P. Fitzgerald of Nashville.

In the Metropolitan church, Mayor Fleming gave welcome for the city and Rev. Dr. William Briggs for the Methodists of Toronto.

In response Bishop C. C. McCabe spoke for the Methodist Episcopal church, Rev. James Thomas of Little Rock for the Methodist Episcopal Church South and Rev. H. A. Crane, D. D., of Bombay, India, for India.

Last evening four monster meetings were held.

### WILLIAM J. BRYAN PRESIDED.

Addressed Trans-Mississippi Congress and Was Given a Boquet.

SALT LAKE CITY, July 16.—The Trans-Mississippi congress is in session here. The large attendance is due to the fact that Hon. W. J. Bryan, president of the congress, is present.

When Mr. Bryan entered the hall he was greeted with the wildest enthusiasm. Black of California moved that three cheers be given for Mr. Bryan, which the latter said was out of order, but the cheers were given nevertheless.

Mr. Bryan, in taking the chair, said he was fully in accord with the movements of the congress, which represented a great empire in the west. There were numerous matters in which this section was peculiarly interested.

He concluded by saying: "We will rear a people in the great west that will stand for American liberty and American progress."

After the speech Mr. Bryan was presented with a magnificent boquet by Mrs. Warren, a delegate from Colorado, and the regular order of business was again taken up.

### AFTER A PRINCE'S LIFE.

Hired Assassins Following a Korean About the United States.

NEW YORK, July 16.—Prince Euies Wha, heir apparent to the crown of Korea, is said to be in danger of losing his life. This young Korean arrived in America several months ago, ostensibly to complete his education in an American college; in reality he came, it is asserted, to avoid hired assassins, who have followed him.

Despite the fact that the United States offers to the prince a refuge far more secure than his native country, gossip has it that he is continually dodging men who are hired by the Korean progressive party, which is against the present dynasty, to kill him.

### Unveiled a Statue to Marquette.

MARQUETTE, Mich., July 16.—Father Marquette's namesake city held a great celebration in honor of the unveiling of a bronze monument of the explorer and priest whose name the city bears. The revenue cutter Gresham, anchored within a few hundred yards of the statue, fired a salute of 13 guns at the unveiling when the canvass fell. The main speech was a brilliant effort made by Hon. Don M. Dickinson of Detroit.

### House Did No Business.

WASHINGTON, July 16.—No business was transacted by the house. Immediately after the journal was approved a recess was taken, on Mr. Cannon's motion, until today, Mr. Cannon having given assurance to Mr. Bailey that, in his opinion, a partial or complete conference report on the deficiency bill would be ready by that time.

### Several Earthquake Shocks.

VIENNA, July 16.—At Laibach, 85 miles northeast of Trieste, several earthquake shocks have occurred.

## SENATORS' GLIB TALK.

Profess to Believe a Tariff Agreement Near.

### HOUSE MEN REFUSE TO BUDGE.

They Profess a Determination to Have Their Way—Don't Concur With the Senators in Their Talk of an Early Settlement—Sugar Still the Problem.

WASHINGTON, July 16.—The sugar schedule is still the stumbling block in the tariff conference. There was some discussion of a compromise on this schedule and the general impression about the senate was that the changed aspect in the committee was due to the fact that there was a more yielding disposition on the part of the representatives of both houses. Senators not in the conference, but in close touch with the members of it, express the opinion that the contending factions are very near adjustment, which will compromise the differences on the sugar schedule.

One of the leading representatives of the senate expressed the opinion that the Republicans would be able to conclude their labors today and to summon the Democratic members by tomorrow. This view, he said, was justified by the present appearance of things, but he added that there were still many contingencies that might arise to prevent so early an agreement and that it was impossible to say precisely when the end would be reached. "We shall come out all right, however, and I think soon," he added. "We have a tedious job, but it is not a hopeless one and there is no foundation to the reports that we are in danger of not reaching an agreement."

On the house side, on the other hand, among those in close touch with the conferees, it is asserted with the utmost positiveness that the house conferees have no intention of yielding anything to the senate on the sugar schedule and the opinion is freely expressed that the deadlock will continue indefinitely until the senate yields. The house conferees know that they have practically the unanimous support of the house Republicans back of them in their contention for the house schedule and moreover they claim that many of the senate Republicans agree with them on this point.

The committee made the discovery that there would be still further difficulty in arranging the wool schedule, on account of the objections of the carpet manufacturers.

It appears that while the makers of the more expensive grades of carpets gave their assent to the compromise of 4 and 8 cents, the makers of the cheaper carpets are not pleased and ask that the rate on the lower grades of wool be reduced to 3 cents. The wool men are not willing to concede this demand. The worsted manufacturers are also making trouble over the senate amendment putting a double duty on wool of the second class which may have been washed. Heretofore there has been no additional duty on the washed article, and it is claimed that the change will work a material hardship.

The Democratic side of the chamber is somewhat disturbed over the vacancy caused by the death of Senator Harris.

"I fear," said Senator Jones of Arkansas, in discussing the question, "that the vacancy may, if not filled before that time, occasion no little embarrassment when we reach the vote on the conference report. It will be remembered," he continued, "that some of the articles on which we succeeded in reducing the rate of duty, as on white pine lumber, and on some which we succeeded in putting on the free list, we had a majority of only one vote. Some of these articles, as bur-laps, cotton ties, paris green, etc., are of immense importance to the farmers, and it would be regrettable. Indeed, from our standpoint, if the absence of a Democratic senator from Tennessee should cause us to lose any of them by giving the deciding vote to the vice president."

The senator said in reply to a question that he had heard nothing indicative of the intention of the governor of Tennessee in the matter of the appointment.

### ARRAIGNED THE SUGAR TRUST.

General Forsyth Petitions the House to Drop the Schedule From the Tariff.

WASHINGTON, July 16.—General George A. Forsyth, U. S. A. (retired), is the author of a remarkable petition, which was presented to the house of representatives by Mr. Belknap of Illinois. The petition prays the house to strike the sugar schedule from the tariff bill.

A scathing arraignment of the sugar trust thus far made before congress is conveyed in the statements set forth by General Forsyth in support of his prayer.

### Trecked an Engine.

CUMBERLAND, Md., July 16.—The engine attached to B. & O. train No. 19, while passing slowly through the junction of the Pittsburgh and third divisions near Cumberland, was derailed and fell over on her side. Some one removed a bolt from the switch.

Both Arbitrators and Miners' Officials Trying to Get Signatures.

PITTSBURG, July 16.—Both the arbitrators and miners' officials are hard at work trying to secure the 95 per cent of the coal operators' signatures to DeArmit's uniformity scheme.

Mr. DeArmit reserves the right to name the operators in the Pittsburgh district who are to comprise the list from which the 95 per cent is to be secured. He has served notice that the Westmoreland county operators must be included. The agreement provides for an assessment of one-tenth of a cent on every ton of coal produced by the operators. This money is to create a fund to be used to protect the parties to the agreement against those on the outside.

The miners' leaders are determined to keep all mines closed until the advance demanded is generally granted.

### ADVANCED 14 CENTS.

West Virginia Operators Combining to Fight Labor Leaders.

CINCINNATI, July 16.—An important counter movement against the organizers of the United Mine Workers in West Virginia has been begun here by a conference of five operators in the state. They determined to give their miners an advance of 14 cents a ton above the present rates and to make a corresponding increase in the price of coal at the mines.

They have returned to ask all other operators in the state to do the same. It is the opinion of coal men here that their action will be approved and followed by the other operators in the state. The price of coal at the mines is raised to \$1.25 per ton.

### BAPTIST YOUNG PEOPLE.

The Seventh Annual Convention in Session at Chattanooga.

CHATTANOOGA, July 16.—The seventh international convention of the Baptist Young People's Union of America is being attended by some of the most prominent Baptist leaders in the country. There are about 4,000 delegates.

The convention was opened with a short song service, led by Dr. L. L. Henson of Fort Wayne, formerly secretary of the board of managers. The immense audience joined enthusiastically with the choir in the singing and a great wave of inspiring harmony floated through the building. At the close of the song service Dr. Henson read the forty-sixth Psalm and delivered a fervent invocation, after which President Chapman arose and delivered the opening address.

At the conclusion of President Chapman's address, Dr. E. E. Hunt moved that the provisional program be adopted as the convention program. The motion was unanimously adopted.

The addresses of welcome, all eloquent and interesting, then were delivered.

Dr. H. W. Reed, recording secretary, then announced the standing committees and leaders of important topics for each state represented in the convention.

### THE EPWORTH LEAGUE.

Methodists Received Warm Welcome at Toronto.

TORONTO, Ont., July 16.—The opening meetings of the Epworth League were held in the pavilion and the Metropolitan church in this city.

In the pavilion, A. S. Hardy, premier of Ontario, warmly welcomed the visitors, as did also Rev. A. Carmen of Toronto.

Replies were made for the Methodist Episcopal church by Bishop W. X. Nind of Detroit, and for the Methodist Episcopal Church South by Bishop O. P. Fitzgerald of Nashville.

In the Metropolitan church, Mayor Fleming gave welcome for the city and Rev. Dr. William Briggs for the Methodists of Toronto.

In response Bishop C. C. McCabe spoke for the Methodist Episcopal church, Rev. James Thomas of Little Rock for the Methodist Episcopal Church South and Rev. H. A. Crane, D. D., of Bombay, India, for India.

Last evening four monster meetings were held.

### WILLIAM J. BRYAN PRESIDED.

Addressed Trans-Mississippi Congress and Was Given a Boquet.

SALT LAKE CITY, July 16.—The Trans-Mississippi congress is in session here. The large attendance is due to the fact that Hon. W. J. Bryan, president of the congress, is present.

When Mr. Bryan entered the hall he was greeted with the wildest enthusiasm. Black of California moved that three cheers be given for Mr. Bryan, which the latter said was out of order, but the cheers were given nevertheless.

Mr. Bryan, in taking the chair, said he was fully in accord with the movements of the congress, which represented a great empire in the west. There were numerous matters in which this section was peculiarly interested.

He concluded by saying: "We will rear a people in the great west that will stand for American liberty and American progress."

After the speech Mr. Bryan was presented with a magnificent boquet by Mrs. Warren, a delegate from Colorado, and the regular order of business was again taken up.

### AFTER A PRINCE'S LIFE.

Hired Assassins Following a Korean About the United States.

NEW YORK, July 16.—Prince Euies Wha, heir apparent to the crown of Korea, is said to be in danger of losing his life. This young Korean arrived in America several months ago, ostensibly to complete his education in an American college; in reality he came, it is asserted, to avoid hired assassins, who have followed him.

Despite the fact that the United States offers to the prince a refuge far more secure than his native country, gossip has it that he is continually dodging men who are hired by the Korean progressive party, which is against the present dynasty, to kill him.

### Unveiled a Statue to Marquette.

MARQUETTE, Mich., July 16.—Father Marquette's namesake city held a great celebration in honor of the unveiling of a bronze monument of the explorer and priest whose name the city bears. The revenue cutter Gresham, anchored within a few hundred yards of the statue, fired a salute of 13 guns at the unveiling when the canvass fell. The main speech was a brilliant effort made by Hon. Don M. Dickinson of Detroit.

### House Did No Business.

WASHINGTON, July 16.—No business was transacted by the house. Immediately after the journal was approved a recess was taken, on Mr. Cannon's motion, until today, Mr. Cannon having given assurance to Mr. Bailey that, in his opinion, a partial or complete conference report on the deficiency bill would be ready by that time.

### Several Earthquake Shocks.

VIENNA, July 16.—At Laibach, 35 miles northeast of Trieste, several earthquake shocks have occurred.

## SENATORS' GLIB TALK.

Profess to Believe a Tariff Agreement Near.

### HOUSE MEN REFUSE TO BUDGE.

They Profess a Determination to Have Their Way—Don't Concur With the Senators in Their Talk of an Early Settlement—Sugar Still the Problem.

WASHINGTON, July 16.—The sugar schedule is still the stumbling block in the tariff conference. There was some discussion of a compromise on this schedule and the general impression about the senate was that the changed aspect in the committee was due to the fact that there was a more yielding disposition on the part of the representatives of both houses. Senators not in the conference, but in close touch with the members of it, express the opinion that the contending factions are very near adjustment, which will compromise the differences on the sugar schedule.

One of the leading representatives of the senate expressed the opinion that the Republicans would be able to conclude their labors today and to summon the Democratic members by tomorrow. This view, he said, was justified by the present appearance of things, but he added that there were still many contingencies that might arise to prevent so early an agreement and that it was impossible to say precisely when the end would be reached. "We shall come out all right, however, and I think soon," he added. "We have a tedious job, but it is not a hopeless one and there is no foundation to the reports that we are in danger of not reaching an agreement."

On the house side, on the other hand, among those in close touch with the conferees, it is asserted with the utmost positiveness that the house conferees have no intention of yielding anything to the senate on the sugar schedule and the 'opinion' is freely expressed that the deadlock will continue indefinitely until the senate yields. The house conferees know that they have practically the unanimous support of the house Republicans back of them in their contention for the house schedule and moreover they claim that many of the senate Republicans agree with them on this point.

The committee made the discovery that there would be still further difficulty in arranging the wool schedule, on account of the objections of the carpet manufacturers.

It appears that while the makers of the more expensive grades of carpets gave their assent to the compromise of 4 and 8 cents, the makers of the cheaper carpets are not pleased and ask that the rate on the lower grades of wool be reduced to 3 cents. The wool men are not willing to concede this demand. The worsted manufacturers are also making trouble over the senate amendment putting a double duty on wool of the second class which may have been washed. Heretofore there has been no additional duty on the washed article, and it is claimed that the change will work a material hardship.

The Democratic side of the chamber is somewhat disturbed over the vacancy caused by the death of Senator Harris.

"I fear," said Senator Jones of Arkansas, in discussing the question, "that the vacancy may, if not filled before that time, occasion no little embarrassment when we reach the vote on the conference report. It will be remembered," he continued, "that some of the articles on which we succeeded in reducing the rate of duty, as on white pine lumber, and on some which we succeeded in putting on the free list, we had a majority of only one vote. Some of these articles, as bur-laps, cotton ties, paris green, etc., are of immense importance to the farmers, and it would be regrettable, indeed, from our standpoint, if the absence of a Democratic senator from Tennessee should cause us to lose any of them by giving the deciding vote to the vice president."

The senator said in reply to a question that he had heard nothing indicative of the intention of the governor of Tennessee in the matter of the appointment.

### ARRAIGNED THE SUGAR TRUST.

General Forsyth Petitions the House to Drop the Schedule From the Tariff.

WASHINGTON, July 16.—General George A. Forsyth, U. S. A. (retired), is the author of a remarkable petition, which was presented to the house of representatives by Mr. Belknap of Illinois. The petition prays the house to strike the sugar schedule from the tariff bill.

A scathing arraignment of the sugar trust thus far made before congress is conveyed in the statements set forth by General Forsyth in support of his prayer.

### Wrecked an Engine.

CUMBERLAND, Md., July 16.—The engine attached to B. & O. train No. 19, while passing slowly through the junction of the Pittsburgh and third divisions near Cumberland, was derailed and fell over on her side. Some one removed a bolt from the switch.

## THE NEW MILEAGE BOOK

It Is Surrounded by a Number of Safeguards.

YOUR NAME IS ON FILE

Where the Ticket Finally Goes, and If Some Other Party Has Been Using It You Will Not Get the Usual Rebate—Conductor Is Not Considered.

A great many mileage tickets are sold every year in this city, and the parties who buy them will be interested in knowing that the railroads are providing additional safeguards against transfer by issuing a ticket somewhat different from those now in use. They will soon be placed on sale.

The new tickets will be 1,000 mile books, will be sold for \$30, with a rebate of \$10, provided the terms of the agreement are carried out under which the book is sold. The form of the ticket will be different from any issued. There will be no name on the ticket nor will there be any description of the purchaser.

In buying the ticket the purchaser will sign an agreement under which it will be only for his own use. The conductors will not take up this mileage for passage. The holder of mileage book will present it at the ticket window, where there will be torn out the number of miles represented in the trip the person is to take, and a ticket will be given good for this trip. The holder of the ticket will be required to sign the back of the ticket, and when the conductor takes up the ticket, given in exchange for the strip torn out, he will also sign this ticket.

The strip taken out by the ticket agent and the ticket taken up by the conductor will be sent in to the chairman of the Central Passenger association, where the original contract signed by the purchaser will be on file. If all the signatures agree until the entire 1,000 miles are used the purchaser will be refunded \$10 upon giving up the book.

It is believed by those who devised the form of ticket it will be impossible for fraud to be perpetrated or for any other than the original purchaser to make use of the ticket without forfeiting the \$10 on deposit for the faithful carrying out of the contract. If the contract is not faithfully carried out and no money is refunded the full local rate of three cents a mile will be obtained on each road where the mileage book is used.

Agent Adam Hill has been notified of the appearance of the new ticket, with instructions to make all mileage books on hand expire Dec. 31.

### TRENTON IS HOPEFUL.

A Boom Is Expected, But It Will Come Gradually.

A trade paper in discussing the situation at Trenton says:

"The Trenton potters take a cheerful view of the new tariff act, so soon to become the law of the land, and think it will work a most satisfactory change in the condition of the industry. They do not expect the benefits from it to be immediately apparent, however, alleging as a reason that the country is full of foreign goods, imported in anticipation, and it will take some time to get rid of them. Then, again, this is the dull season of the year in the trade, and the large buyers will hardly be in the market for a month or so yet. They expect the improvement to come gradually, but think everything will be in full swing when the fall season fairly opens."

### They Took the Hint.

There is one corner in the city infested with loungers at all times. The business man whose customers they annoy yesterday became tired of moving them, and tried a new plan. Going to the rear of the store he procured some chairs, and carrying them out, offered them to the lounging crowd. Contrary to expectations they took the hint and moved.

### And Yet They Wonder.

Residents of Avondale street are wondering what has become of their petition to grade the upper part of the street. It was sent to council several weeks ago. The matter was referred to finance committee, but no report has yet been handed in.

### Two Sick Dogs.

Fitz and Topsy, the dogs at the fire station, are laid up. The latter was hurt by the horse, Burt, and the other has distemper.

### Came Home.

The Ohio Valley Camping club returned home after a two weeks' outing, yesterday. The club is composed of ten young men.

## SENATOR BILLY RUHE

His Friends Think That Would Look Well.

### THE MOVEMENT BEGAN HERE

They Do Not Know Whether the Nomination Could Be Arranged, but It Is Believed the Attempt Will Be Made—He Is a Well Known Glassworker.

If the suggestions of leading Democrats of the city are carried out, William Ruhe, the well known glassworker and labor leader, will oppose Blake in the contest for state senator.

Mr. Ruhe has not yet been consulted by his friends, but they have been doing some quiet work without his knowledge, and while they say nothing for publication, it is evident that they are well pleased with the progress already made. They argue that he could poll a good vote here from among the union men, while his influence among the glassworkers down the river would help his cause. He has always been prominent among the union men of the city, having been one of the committee of glassworkers who called on Thos. R. Morgan, of Alliance, when he ran for congress five years ago. He was the candidate for mayor put forward by Trades council a year ago, and ran ahead of the ticket. His friends expect to push the cause right along, but whether upon a fusion Democratic-Populist ticket has not been determined.

### Out at Spring Grove.

The Tombstone Juniors yesterday at Spring Grove campground defeated a Wellsville team by a score of 16 to 10. The feature of the game was the fine playing of Sebring, Harker, Ashbaugh and Blue.

Arrangements are being made to give a trolley party in the near future. Reverend Reager and family, of Wellsville, will move to the ground the early part of next week.

### They Had a Roll.

The Toronto Tribune relates that a man and two children riding in an old wagon drawn by much older horses, passed through that place yesterday. They were bound for this place, where they expected to buy ware. They seemed in destitute circumstances, but at the blacksmith shop the man displayed a big roll of bills.

### An Incident.

A boy not over five years old asked a young man on Sixth street for a match last evening. He was given one, and ran to the Midway as fast as possible. When there he pulled a small piece of cigarette from his pocket, lit it and walked down the alley puffing peacefully.

### Another Man Won.

The appointment of W. H. Bradley, of Illinois, to be consul at Tunstall caused a mild sensation in the city yesterday. It was very generally believed that Edward Pearson, of Wheeling, would get the place. He was well endorsed by manufacturing potters.

### At the Picnic.

A large number of young people are at Rock Spring this afternoon attending the picnic of the business college. An event of importance is a ball game, with the Phoenix club and the college team as the opposing sides.

### Caught a Team.

A team of horses attached to a country wagon scared at a passing street car last evening near the Diamond. A run-off was avoided by a bystander catching the animals as they started down West Market street.

### No Terror For Them.

In some parts of the city the curfew ordinance is not enforced. Crowds of boys, under the age prescribed by law, were seen in the streets last night long after the designated hour.

### Moved the Crowd.

The police experienced some difficulty in keeping the crowds in Sixth street moving last night. For some reason the street near the Diamond contained many more people than usual.

### Went Home by Rail.

Messrs. McClain and Macrum, of New Brighton, rode their wheels to this place yesterday morning. They returned last evening by train.

### Married.

J. M. Mason and Mrs. Sallie Wynn were married last evening by Squire Hill. This is the second marriage the squire has performed within a week.

## A GOOD RACING TEAM

Is Being Organized by Chief Lounds.

MUST BE IN IT TO WIN

He Thinks It Will Add Largely to the Interest and Improve the Department. Investigating In Cleveland—Potters Are In Camp.

A new departure is being instituted in the fire department by Chief Lounds which will result in a betterment of the service. A racing team, which will include 21 fast runners, will be organized. Eight of these have already been secured. Wellsville will then be in shape to contest with some of the crack teams of the Northern Ohio Volunteer Firemen's association. Toronto, Martin's Ferry, Coshocton, East Palestine, New Philadelphia and Salem have such teams, and they have proven a great field for working up efficient work among the fire laddies. Wellsville being the home of the efficient secretary of the association, F. M. Shaffer, it is nothing more than right that a good showing should be made in this direction.

### The News of Wellsville.

Baum's pottery remains closed down, as well as Lyth's sewer pipe works. Work at Stevenson's foundry has also slackened, and the men are idle now on Saturdays.

Superintendent Fogo reports the semi-annual water rent payments as most satisfactory, which is constantly resulting in a betterment of the water service and the constant extension of the lines in different parts of the city.

Miss Glenn, court stenographer, and J. W. Clark, referee in the soap factory hearing, finished their labors last night and left for Lisbon.

## A GOOD RACING TEAM

Is Being Organized by Chief Lounds.

MUST BE IN IT TO WIN

He Thinks It Will Add Largely to the Interest and Improve the Department. Investigating In Cleveland—Potters Are In Camp.

A new departure is being instituted in the fire department by Chief Lounds which will result in a betterment of the service. A racing team, which will include 21 fast runners, will be organized. Eight of these have already been secured. Wellsville will then be in shape to contest with some of the crack teams of the Northern Ohio Volunteer Firemen's association. Toronto, Martin's Ferry, Coshocton, East Palestine, New Philadelphia and Salem have such teams, and they have proven a great field for working up efficient work among the fire laddies. Wellsville being the home of the efficient secretary of the association, F. M. Shaffer, it is nothing more than right that a good showing should be made in this direction.

**FOR A UNIFORM PRICE LIST**

The Resolutions Adopted at the Brotherhood Convention Declare That the Proposed Plan Will Indefinitely Postpone the Restoration of the Amount Taken When the Wilson Bill Became a Law. President Hughes, of the Brotherhood, and Mr. Burgess, of the Manufacturers, Are Arranging the Meeting.

For the first time since the question of a new wage scale was raised several weeks ago the public is today given positive information of the basis upon which the negotiations will be conducted. The resolutions adopted by the National Brotherhood of Operative Potters at the convention held in this place are given out. They are in full as follows:

"After having carefully considered the proposition of the manufacturers to adopt a uniform wage list, based upon a uniform selling price, and making the restoration of wages contingent upon the successful operation of this plan, thus postponing indefinitely the time when a restoration of the 12½ per cent can be brought about, and throwing on the operatives the responsibility of bringing about such conditions as will enable them to restore the 12½, therefore be it

Resolved, first, That we, the operatives, should not be responsible for the selling price of ware, nor subject to any reduction in wages brought about by conditions for which we are not responsible.

Second—That it be the sense of the convention that we, the operative potters of America, in 30 days after the tariff bill, now pending, goes into effect, ask and think we are justified in demanding the restoration of the wages paid prior to the passage of the Wilson bill, or 12½ per cent.

Third—That if the manufacturers pledge themselves to pay the 12½ per cent in thirty days after the bill goes into effect that we, the operative potters, pledge ourselves to go to work immediately to establish a uniform wage list, and also help the manufacturers to maintain a uniform selling price to the fullest extent of our abilities."

These resolutions were presented to the manufacturers at the meeting held in the office of the D. E. McNicol company. The discussion at that time brought about the meeting at Cresson this week. Then this proposition was submitted to the United States Potters' association, and the wage committee, with Mr. Burgess as chairman portioned. The operatives later met a portion of the committee, and an informal talk followed. Later the manufacturers went home and the operatives decided on the course they will in future pursue.

The committee from the Brotherhood, as given exclusively in the NEWS REVIEW yesterday, met E. J. Whitehead, James Clark, Mr. Langdon, of Trenton, and Frederick Burton, of Elizabeth, representing the eastern operatives. They organized by electing President A. S. Hughes chairman, and proceeded to discuss what would be done in the future. As the convention had already outlined a policy through the adoption of the resolutions their course was plainly mapped out.

Mr. Burgess and Mr. Hughes are now arranging for the meeting which will be held within the next 10 days. The eastern men favor Harrisburg as a city easily reached by all parties.

The feeling of all parties concerned is that a settlement should be reached at the earliest opportunity without a clash of any kind. The harmony at present existing is most gratifying to manufacturers and men.

### THE HUBBARD INQUEST

Is Being Conducted This Afternoon by the Coroner.

Coroner Straughn arrived in the city this afternoon and at 2:30 o'clock began the inquiry into the causes which led to the death of Will Hubbard.

William Blakely was the first witness. He said that after leaving the flint mill he and Hubbard drank a pint and a half of whisky. They attempted to get on the train, and Hubbard fell under the wheels. He believed the death was accidental. The relations existing between the men were friendly.

"I am engineer of the flint mill," said Curt Warner. "The boys came in last night at about 11:30 o'clock, and, after getting a drink, said they were going to the glasshouse. In a few minutes Blakely came back, and said 'For God's sake come out here. Hubbard fell under the train.' I called the hands and we went out, and saw the train still rolling over the body. We sent in a patrol call, and Chief Morley, Patrolman McMillen and I gathered up the remains. The boys were sober and seemed to be having a good time."

C. M. Pennebaker was in the engine room and saw Hubbard and Blakely. His testimony corroborated that of the engineer.

Peter Stokes, colored, said that when they went out to pick up the body he asked Pennybaker to flag the next train. "They did not seem drunk. I think it was accidental."

### No Rest After Monday.

It is calculated that every pottery in town will be in operation by Monday. The employees who have been out of the city are returning by every train, and there will be a full force. A large number of plants are now at work.

### Damaged Wheel and Boy.

Frank Hailey, while riding his wheel from East End last evening, fell and bruised his face somewhat. His wheel was also damaged.

### CHICAGO MAN SENT A PICTURE

It Impressed Some Members of the Board of Education, and He Will Have Friends When the Final Vote Is Taken—New Applicants Come Often.

The members of the board of education are thinking about the new superintendent these days, but if you ask them his name or when he will be chosen they shake their heads and truthfully tell you they do not know.

Of course there is no fight for the place, nor any serious disagreement, for the members are not personally acquainted with the applicants, nor is there troubled expected. As one member stated, they will decide on the man who will do the schools the greatest good, and the other fellows must seek elsewhere.

At the last meeting the name of J. H. Rhodes, of Chicago, was presented. Since then his cabinet photograph has come out of the west, and last evening it was passed around among the members. One as much as said that he would support Mr. Rhodes. His credentials are first class. Professor Sawwelle, of Greenville, and a professor from Coshoc-ton, are new applicants for the place. The board will meet tonight, but it is not thought whether the question of a superintendent will be brought up.

### A GOOD PLAN.

It Will Decide the Superiority of Ohio Valley Clubs.

In order to settle the much-disputed question as to which is the best ball team in the Ohio valley it has been suggested by a member of the East Liverpool club that a series of games be arranged. Cumberland and Toronto are at present playing a series of five games, and Liverpool could do the same with Wellsville. The winners of these contests could then meet and settle the question very easily.

The East Liverpool team will not play ball tomorrow in Salem owing to a misunderstanding.

John Godwin is at present playing middle field for the Bristol team.

The Chronicle Telegraph last evening says Mercer is a sulker, and says he can be purchased with four other players for \$15,000.

### INVESTIGATING THE WRECK.

Superintendent Scriven Is Learning a Few Things.

Superintendent W. H. Scriven, of the Cleveland & Pittsburgh railroad, is today conducting an investigation as to the cause of the wreck at East End, Friday last. The pony crew and the crew of the ill fated west bound freight were examined together with a number of other witnesses. It will be some time before his decision will be rendered.

### On the River.

The river began to rise yesterday, and a five foot stage is expected. This will enable all the tow boats that have been laid up below on account of low water, to get to Pittsburgh.

Belle McGowan and Return passed up this morning, and the Bedford went up last night with a good trip.

The Rescue came down from Pittsburgh last night, and took a lot of flats from this port.

Marks, 3.11 feet and rising.

### Crockery Goes West.

The record at the freight station for yesterday was 120 cars. Eleven cars were unloaded, and at the outbound sheds 14 were sent out. On the sidings 13 were loaded, and the majority of these were sent west. Agent Thomas said this morning that freight is heavier this month than it has been for several years.

### Killed a Big Snake.

The number of blacksnakes this year is said to be unusually large, and several have been killed in the suburbs. A party of West End boys killed one seven feet long a short distance from the Lisbon road yesterday.

### Gone to Camp.

Andy Abbyata and Charles Evans, members of the Rock Spring orchestra, are members of the Pennsylvania National guard, and left yesterday for the annual encampment at Conneaut.

### Not Improving.

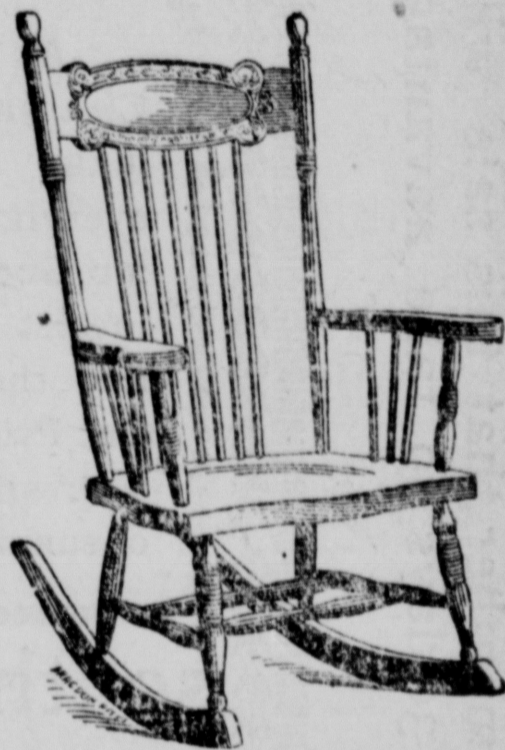

Mrs. Chal. Stewart, who was taken to Hookstown some days ago in the hope of benefiting her health, is not improving as rapidly as her friends desire.

## LEAPED TO HIS DEATH

Will Hubbard Was Literally  
Ground to Pieces

### ATTEMPTING TO BOARD A TRAIN

In Company With William Blakely He  
Had Decided to Go to Rochester, but  
Was Thrown Under a Freight Near the  
Flint Mill.

Will Hubbard, aged 22, employed at  
the Cartwright pottery as jiggerman,  
was instantly killed on the Cleve-  
land and Pittsburg between the Golding  
flint mill and the Specialty soon after 11  
o'clock last night. The remains were  
gathered up and taken to West's under-  
taking rooms.

Hubbard and William Blakely, em-  
ployed at the Dresden and residing on  
Calcutta road, spent the greater part  
of last evening calling on the Misses  
Spalding in Jethro. They had decided  
to go to Rochester and return tonight,  
and after leaving the young women  
walked up the track, knowing the speed  
of all freight trains were slackened on  
the long fill between the Specialty and  
flint mill.

They reached the flint mill before the  
train whistled, and talked for some time  
with Curtis Warner, night engineer,  
and after getting a drink went out on  
the track to await the train.

When freight 96 came thundering  
along from Wellsville, Blakely and  
Hubbard took positions along the track  
and waited. Blakely had an opportu-  
nity to board the train, but decided to  
let his friend get a place be-  
fore making the attempt. Hubbard  
watched a favorable opportunity,  
and when it came he leaped for the car.  
He had been standing on a little pile of  
gravel, and this slipping at that moment  
threw him under the train. The cars  
passed over his body, and he was in-  
stantly killed.

Blakely lost no time in satisfying him-  
self that his friend was dead, and gave  
the alarm. Then going to the house  
they had so recently left, informed their  
friends of the tragedy. The patrol was  
called, and the body gathered up, a  
shovel being used, and taken to the  
undertaker's. Coroner Straughn was  
notified, and will be here to conduct the  
inquest this afternoon.

Hubbard's father and mother have  
not been living together for some time,  
their home being broken up. Mrs. Hub-  
bard is at present with a daughter in  
Topeka, Kan. Two sisters, Eva and  
Nora, make their home at the house of  
Clay Gould, 255 Broadway. They spent  
yesterday with friends near Hookstown,  
and were crossing the bridge last night  
when the train which had killed their  
brother passed under. Mr. Gould, after  
taking them home, returned the buggy  
to the livery stable, and there learned of  
the accident.

Arrangements for the funeral were  
completed this morning. The body will  
remain at the undertaker's until Mon-  
day, and will be buried at 2:30 o'clock in  
Riverview.

### IT MAY BE SANOR.

Salem Board of Education Looks on Him  
With Favor.

The new superintendent of the Salem  
schools will be chosen within 10 days,  
and the prospects are bright for Pro-  
fessor Sanor. Of it the Herald says:

"Prof. S. D. Sanor, of East Liverpool,  
stands well with the local board and  
with his many excellent qualities may  
prove a winner. It is exceedingly diffi-  
cult at the present time, to even con-  
jecture whom the board will elect, but  
it is quite certain that Professor Sanor's  
name will not be entirely ignored. At  
a final test Sanor and Homberger, of  
Iowa, now look to be the favored ones  
with the chances slightly in favor of  
Mr. Sanor."

### ROBBED A PREACHER.

A Thief Got Away With His Basket of  
Silverware.

Thieves found their way to Rock  
Spring yesterday afternoon, and carried  
away a number of baskets belonging to  
the picnic party from Toronto. Among  
those who suffered was Reverend Shep-  
pard, pastor of the Methodist Protestant  
church. The thief not only took the  
reverend gentleman's basket, but a con-  
siderable amount of silverware, which  
chanced to be in it. A vigilant search  
was made, but the parties could not be  
found.

Low Rates For Vacation Trips and Out-  
ings Along the Ocean.

Round Trip From Steubenville Only \$10.

General excursions to the seashore at  
exceptionally low rates will be inaugu-  
rated by the Pennsylvania lines this  
summer, offering a grand opportunity  
for delightful outings at the most  
popular ocean resorts on the continent.  
This announcement will be good news  
to persons who may desire to enjoy their  
vacations at the seaside. They may vis-  
it Atlantic City, Cape May, Avalon, Sea  
Isle City, Anglesea, Ocean City, Holly  
Beach or wildwood, at very low fare.  
round trip tickets to either resort being  
bainable at the same rate.

The first excursion will be run Thurs-  
day, July 15, followed by others on July  
59th, August 12 and 21. Round trip  
rates to either Atlantic City, Cape May,  
Avalon, Sea Island City, Anglesia,  
Ocean City, Wildwood or Holly Beach,

ville.

Excursion tickets will be good going  
on trains leaving Steubenville 4:24 a.  
m., 1:09 p. m., 2:15 p. m., and 4:08 p.  
m. The 4:45 a. m. train connects in  
Pittsburgh Union Station with a special  
train of parlor cars and coaches running  
through to Atlantic City via Delaware  
bridge route, arriving at Philadelphia at  
6:25 p. m., Atlantic City, 8:55 p. m.,  
making the run from Pittsburgh to the  
seashore in 12 hours. Excursionists  
may spend the night in Philadelphia  
and proceed to the shore by any regular  
train the following day. The 4:08 p.  
m. train has sleeping cars from Steuben-  
ville to Philadelphia without change,  
and will connect in Pittsburgh union sta-  
tion with Sleeping cars running through  
to Atlantic city.

The return limit will cover 12 days  
including date of sale, which will be  
ample for customary 10 days' vacation.  
For further desired information, apply  
to J. K. Dillon, D. P. A., Pittsburg, Pa.,  
for particulars. Illustrated description  
of resorts to which excursion tickets  
will be sold, with list of hotels, and  
boarding houses at each, will be furn-  
ished upon application.

### Low Rates.

Special reductions in fare over the  
Pennsylvania lines will be granted for  
numerous events to take place this sum-  
mer in various parts of the United  
States, in addition to local excursions.  
Some of the points to which tickets will  
be sold and dates of sale are as follows:

To Nashville, Tenn., daily to October  
15, for Tennessee Centennial and Inter-  
national exposition.

for National Encampment Sons o  
Veterans.

The reduced rates over the Pennsylv-  
ania lines will not be restricted to  
members of the organizations men-  
tioned, but may be taken advantage of  
by the public generally. Excursion  
tickets may be obtained at ticket offices  
on the Pennsylvania system and will  
also be sold over this route by connect-  
ing railways. Any Pennsylvania line  
ticket or passenger agent will furnish  
desired information concerning rates,  
time of trains, return limit, and other  
details, to all applicants, or the same  
may be obtained by addressing Samuel  
Moody, assistant general passenger  
agent, Pittsburg, Pa.

### Excursions to Nashville.

The Tennessee Centennial and Inter-  
national exposition will be in progress  
at Nashville, Tenn., from May until  
October inclusive. Special low rate

gravel, and this slipping at that moment  
threw him under the train. The cars  
passed over his body, and he was in-  
stantly killed.

Blakely lost no time in satisfying him-  
self that his friend was dead, and gave  
the alarm. Then going to the house  
they had so recently left, informed their  
friends of the tragedy. The patrol was  
called, and the body gathered up, a  
shovel being used, and taken to the  
undertaker's. Coroner Straughn was  
notified, and will be here to conduct the  
inquest this afternoon.

Hubbard's father and mother have  
not been living together for some time,  
their home being broken up. Mrs. Hub-  
bard is at present with a daughter in  
Topeka, Kan. Two sisters, Eva and  
Nora, make their home at the house of  
Clay Gould, 255 Broadway. They spent  
yesterday with friends near Hookstown,  
and were crossing the bridge last night  
when the train which had killed their  
brother passed under. Mr. Gould, after  
taking them home, returned the buggy  
to the livery stable, and there learned of  
the accident.

Arrangements for the funeral were  
completed this morning. The body will  
remain at the undertaker's until Mon-  
day, and will be buried at 2:30 o'clock in  
Riverview.

### IT MAY BE SANOR.

Salem Board of Education Looks on Him  
With Favor.

The new superintendent of the Salem  
schools will be chosen within 10 days,  
and the prospects are bright for Pro-  
fessor Sanor. Of it the Herald says:

"Prof. S. D. Sanor, of East Liverpool,  
stands well with the local board and  
with his many excellent qualities may  
prove a winner. It is exceedingly diffi-  
cult at the present time, to even con-  
jecture whom the board will elect, but  
it is quite certain that Professor Sanor's  
name will not be entirely ignored. At  
a final test Sanor and Homberger, of  
Iowa, now look to be the favored ones  
with the chances slightly in favor of  
Mr. Sanor."

### ROBBED A PREACHER.

A Thief Got Away With His Basket of  
Silverware.

Thieves found their way to Rock  
Spring yesterday afternoon, and carried  
away a number of baskets belonging to  
the picnic party from Toronto. Among  
those who suffered was Reverend Shep-  
pard, pastor of the Methodist Protestant  
church. The thief not only took the  
reverend gentleman's basket, but a con-  
siderable amount of silverware, which  
chanced to be in it. A vigilant search  
was made, but the parties could not be  
found.

Low Rates For Vacation Trips and Out-  
ings Along the Ocean.

Round Trip From Steubenville Only \$10.

General excursions to the seashore at  
exceptionally low rates will be inaug-  
rated by the Pennsylvania lines this  
summer, offering a grand opportunity  
for delightful outings at the most  
popular ocean resorts on the continent.  
This announcement will be good news  
to persons who may desire to enjoy their  
vacations at the seaside. They may vis-  
it Atlantic City, Cape May, Avalon, Sea  
Isle City, Anglesea, Ocean City, Holly  
Beach or wildwood, at very low fare,  
round trip tickets to either resort being  
brainable at the same rate.

The first excursion will be run Thurs-  
day, July 15, followed by others on July  
5th, August 12 and 21. Round trip  
rates to either Atlantic City, Cape May,  
Avalon, Sea Island City, Anglesea,  
Ocean City, Wildwood or Holly Beach,  
New Jersey, will be \$10 from Steuben-  
ville.

Excursion tickets will be good going  
on trains leaving Steubenville 4:24 a.  
m., 1:09 p. m., 2:15 p. m., and 4:08 p.  
m. The 4:45 a. m. train connects in  
Pittsburgh Union Station with a special  
train of parlor cars and coaches running  
through to Atlantic City via Delaware  
bridge route, arriving at Philadelphia at  
6:25 p. m., Atlantic City, 8:55 p. m.,  
making the run from Pittsburgh to the  
seashore in 12 hours. Excursionists  
may spend the night in Philadelphia  
and proceed to the shore by any regular  
train the following day. The 4:08 p.  
m. train has sleeping cars from Steuben-  
ville to Philadelphia without change,  
and will connect in Pittsburgh union  
station with Sleeping cars running through  
to Atlantic city.

The return limit will cover 12 days  
including date of sale, which will be  
ample for customary 10 days' vacation.  
For further desired information, apply  
to J. K. Dillon, D. P. A., Pittsburg, Pa.,  
for particulars. Illustrated description  
of resorts to which excursion tickets  
will be sold, with list of hotels, and  
boarding houses at each, will be furn-  
ished upon application.

### Low Rates.

Special reductions in fare over the  
Pennsylvania lines will be granted for  
numerous events to take place this sum-  
mer in various parts of the United  
States, in addition to local excursions.  
Some of the points to which tickets will  
be sold and dates of sale are as follows:

To Nashville, Tenn., daily to October  
15, for Tennessee Centennial and Inter-  
national exposition.

German Epworth League meeting.

To Indianapolis, August 17 and 18, for  
Young People's Christian union annual  
convention.

To Indianapolis, September 8 and 9,  
for National Encampment Sons o  
Veterans.

The reduced rates over the Pennsylv-  
ania lines will not be restricted to  
members of the organizations men-  
tioned, but may be taken advantage of  
by the public generally. Excursion  
tickets may be obtained at ticket offices  
on the Pennsylvania system and will  
also be sold over this route by connect-  
ing railways. Any Pennsylvania line  
ticket or passenger agent will furnish  
desired information concerning rates,  
time of trains, return limit, and other  
details, to all applicants, or the same  
may be obtained by addressing Samuel  
Moody, assistant general passenger  
agent, Pittsburg, Pa.

### Excursions to Nashville.

LOCAL BREVITIES.  
No arrests were made last evening.  
All the scales at the wharf boat have been repainted.  
The Albatross Camping club will break camp tomorrow.  
A street fakir did a small business in the Diamond, this morning.  
Several street musicians came to the city this morning on the Cleveland train.  
Fred Olnhausen and bride were serenaded last evening at their home in West End.  
Fireman Terrence returned to the station today after being away on a three days' vacation.  
The McKinley club failed to meet last evening, owing to the fact that the members were not properly notified.  
Residents of Second street this morning were treated to a family row between a well known business man and his wife.  
A number of Lisbon attorneys are arranging for a three-weeks' outing in the wilds of Michigan. They will leave July 28.  
As several members of the sewer commission are out of the city no meeting will be held tomorrow night as scheduled.  
Word received from Colorado Springs states that Mrs. Enoch Elden is improving in health. Mr. Elden will return next Tuesday.  
Rev. D. A. Green, of Wyonia, W. Va., will address the Young Men's Christian association meeting next Sunday afternoon.  
Extensive preparations are being made at Riverside park, and it will be opened to the public next month. The park is also being enlarged.  
Miss Anna Johnson, of the local telephone office, attend the funeral of a relative in Fairview today. Miss Clara Hindle is acting in her stead.  
Walter Hill and a party of young men from this city will leave in the near future for Perrie Lacroix, Can., where they will spend three weeks fishing.  
Marriage licenses were issued yesterday to James E. McClure and Sady J. Smith, Thomas J. Jackson and Florence Ernestine, J. M. Mason and Sarah E. Wines.  
Messrs. Young and Main, of Pittsburgh, representing the Frisco and Canadian Pacific rail roads, respectively, were in the city today the guests of Agent Adam Hill.  
Complaints of the condition of Cook street are heard every day. People who come to Rock Spring always comment on its appearance, and residents of that part of the city believe council should make some sort of a move.  
Edwin Bennett, aged 42, and living in Chestnut street, was hurt while at work in the Dresden pottery this morning. He was employed as a slipmaker, and while taking a wheelbarrow from a platform fell and hurt his hip. He was taken home.  
A portion of the council committee met last evening with the officials of the Rock Spring railway and viewed the Cook street crossing. The railway company were asked to repave the Broadway intersection, and make the gutters deeper. They will talk with Mr. George later.  
This morning two small boys who were watching electric light employees raise a pole at the Horn switch, failed to notice the approach of the pony. They became confused, but one boy got off the track, and a gentleman sprang forward and pulled the other off just as the car struck him.  
The township trustees and police committee last evening held a session in the clerk's office for the purpose of arranging plans to repair city hall. The amount of improvement needed was thoroughly discussed, but no definite conclusion was reached. Another session will be held in the near future.  
Manager John Hoefgen, of the East Liverpool line, left today for Pittsburg where he will rush work on the new new machinery ordered for the power house. When asked how the new cars were doing he said: "Business last week was the best the company has had for some time, but previous to that it was falling off and was almost as bad as last year. We expect to have good business the balance of the season."

### DID NOT DECIDE TODAY

Judge Smith Postponed the Robison Trial.

### ATTORNEYS WERE NOT THERE

A Misunderstanding Made It Imperative That the Announcement Be Withheld Until Monday Afternoon—Court Will Close Next Week.

Lisbon, July 16.—[Special]—Common pleas opened at 10 o'clock this morning when it was expected Judge Smith would decide the motion for a new trial for Z. S. Robison. Owing to a misunderstanding as to the time when the matter was to be disposed of, the attorneys connected with the case were not all present, and the matter went over until next Monday afternoon.

Common pleas court will practically close next Monday. Judge Smith has announced that he will then dispose of all matters possible and wind up the work for the term. During the week of Aug. 20 Judge Robinson will be here, and will dispose of a number of matters tried to him.

### DOCTOR BRINDLEY'S DIVORCE

Was Granted by Judge Smith This Morning.

Lisbon, July 16.—[Special]—Doctor William G. Brindley, of East Liverpool, was given a divorce just before noon today from Mary S. Brindley, who he says left him three years ago. The parties were married in 1890. Doctor Brindley stated to the court today that three years after their marriage his wife left him, apparently without cause, and returned to her parents' home, taking their two-year-old child with her. Within three weeks after her departure Mrs. Brindley brought suit for money, alleging ill treatment as the cause for leaving him. Judge Billingsley refused her alimony and dismissed the case. Within ten days after she had left her husband their child died. Samuel Layton, Mr. Stearn, Mrs. Huse and Mrs. Black testified in the case.

### SOME INSANE.

Two Cases Take the Attention of Judge Boone.

Lisbon, July 16.—[Special]—Miss May Martin, of Salem, was taken before Judge Boone, yesterday afternoon, and application made for her admission to Newburg. She was on another occasion sent to the asylum for treatment.

The estate of the late Dorothy Woolmaker, Salineville, has been declared insolvent. Judge Boone has authorized the executor to receive and examine all

claims. She formerly lived in Liverpool.

Judge Boone was called to Salem today to hold an inquest in lunacy on Miss Cook, a daughter of Ex-sheriff Cook, of Mahoning.

### THREE RIDERS HURT.

A Bad Spill Marked the Lisbon Bicycle Races.

Lisbon, July 16.—[Special]—The bicycle races yesterday were not without accident. In the half mile open a spill occurred, and Urwin Campbell, New Castle; Joseph Seburn, Niles; W. C. Kunkle, St. Clairsville, were numbered among the injured. Campbell suffered a broken collar bone; Seburn a broken leg above the ankle, while Kunkle's worst injuries were flesh wounds. They were taken to the hospital, and removed to their homes today.

Steel won the county championship mile in 2.41 4-5. Bonnell, Salem, got second.

J. S. Seeds and mate broke the track tandem record in 1.1. Aultman brothers, Orville, broke this by one-fifth second.

Steel won the three races in which he was entered. He has closed his career as an amateur and will enter professionally next week at New Castle.

### Remodeling a Bridge.

Lisbon, July 16.—[Special]—The commissioners today awarded the contract for the remodeling of the Walnut street bridge here. The Penn Bridge company won on a bid of \$9,995. The western terminus is at the foot of the Maus hill, and the bridge will be raised 14 feet at this end, making it 150 feet longer.

### Notice.

The assignees of Schaffer Bros. will be at their place of business on Saturday, July 17, from 1 to 5 p. m., for the purpose of receiving payments on contracts and attending to other business connected with said assignment.

WE want you to know there is a "Standard" Sewing Machine Company. If you don't know it we cannot get your trade. This company has existed eleven years. It commenced with \$200,000 capital. It has increased each year in sales and in capital. It now has \$2,000,000 invested. It has an immense factory and most complete facilities for making 300 machines per day. It has already made and sold 325,000 machines, each one speaking for itself and the company that made it.

It can now turn out 100,000 machines every year. The recent rapid growth of its trade and large demand will justify this output.

It wants your trade, and will give you the best machine in the world. Carefully examine it. Recognize the principles on which it is constructed. No other like it—because it costs too much for the old line companies to make. Their old style antiquated machinery will not do the close and accurate work necessary to turn out a rotary. It is twenty years ahead of all competition. Highest grade, fastest speed, finest made, the "Standard of the world. Young, ambitious, enterprising, it knows that to succeed in face of the steady competition and calumny of the older companies it must give you a machine very far superior in principle and workmanship. It has done so, and the 325,000 users of its goods are unanimous in saying so. It wants your intended purchases also. Its machines are better than the best, and it stands by this assertion. Prove it by its use, and if not so it will never cost you one cent. Ask for the "Standard."

## DID NOT DECIDE TODAY

Judge Smith Postponed the Robison Trial.

ATTORNEYS WERE NOT THERE

A Misunderstanding Made It Imperative That the Announcement Be Withheld Until Monday Afternoon—Court Will Close Next Week.

Lisbon, July 16.—[Special]—Common pleas opened at 10 o'clock this morning when it was expected Judge Smith would decide the motion for a new trial for Z. S. Robison. Owing to a misunderstanding as to the time when the matter was to be disposed of, the attorneys connected with the case were not all present, and the matter went over until next Monday afternoon.

Common pleas court will practically close next Monday. Judge Smith has announced that he will then dispose of all matters possible and wind up the work for the term. During the week of Aug. 20 Judge Robinson will be here, and will dispose of a number of matters tried to him.

DOCTOR BRINDLEY'S DIVORCE

Was Granted by Judge Smith This Morning.

Lisbon, July 16.—[Special]—Doctor William G. Brindley, of East Liverpool, was given a divorce just before noon today from Mary S. Brindley, who he says left him three years ago. The parties were married in 1890. Doctor Brindley stated to the court today that three years after their marriage his wife left him, apparently without cause, and returned to her parents' home, taking their two-year-old child with her. Within three weeks after her departure Mrs. Brindley brought suit for money, alleging ill treatment as the cause for leaving him. Judge Billingsley refused her alimony and dismissed the case. Within ten days after she had left her husband their child died. Samuel Layton, Mr. Stearn, Mrs. Hause and Mrs. Black testified in the case.

SOME INSANE.

Two Cases Take the Attention of Judge Boone.

Lisbon, July 16.—[Special]—Miss May Martin, of Salem, was taken before Judge Boone, yesterday afternoon, and application made for her admission to Newburg. She was on another occasion sent to the asylum for treatment.

The estate of the late Dorothy Woolmaker, Salineville, has been declared insolvent. Judge Boone has authorized the executor to receive and examine all

claims. She formerly lived in Liverpool.

Judge Boone was called to Salem today to hold an inquest in lunacy on Miss Cook, a daughter of Ex-sheriff Cook, of Mahoning.

## THREE RIDERS HURT.

A Bad Spill Marked the Lisbon Bicycle Races.

Lisbon, July 16.—[Special]—The bicycle races yesterday were not without accident. In the half mile open a spill occurred, and Urwin Campbell, New Castle; Joseph Seburn, Niles; W. C. Kunkle, St. Clairsville, were numbered among the injured. Campbell suffered a broken collar bone; Seburn a broken leg above the ankle, while Kunkle's worst injuries were flesh wounds. They were taken to the hospital, and removed to their homes today.

Steel won the county championship mile in 2:41 4-5. Bonnell, Salem, got second.

J. S. Seeds and mate broke the track tandem record in 1:1. Aultman brothers, Orville, broke this by one-fifth second.

Steel won the three races in which he was entered. He has closed his career as an amateur and will enter professionally next week at New Castle.

## Remodeling a Bridge.

Lisbon, July 16.—[Special]—The commissioners today awarded the contract for the remodeling of the Walnut street bridge here. The Penn Bridge company won on a bid of \$9,995. The western terminus is at the foot of the Maus hill, and the bridge will be raised 14 feet at this end, making it 150 feet longer.

## Notice.

The assignees of Schaffer Bros. will be at their place of business on Saturday, July 17, from 1 to 5 p. m., for the purpose of receiving payments on contracts and attending to other business connected with said assignment.

BE VERY CAREFUL

HEALTH IS A PRECIOUS GIFT

YOUR HEALTH, at times, demands that care shall be taken of your physical system. Pure drugs, properly prepared, may be the "stitch in time" which saves you from severe sickness. None but pure drugs, prepared by graduated Pharmacists, are made use of at

REED'S OPERA HOUSE PHARMACY.

Dr. Geo. D. Arnum, Surgeon Dentist, Syndicate Bldg., Sixth St. and Preservation of the Natural Teeth.

WE want you to know there is a "Standard" Sewing Machine Company. If you don't know it we cannot get your trade. This company has existed eleven years. It commenced with \$200,000 capital. It has increased each year in sales and in capital. It now has \$2,000,000 invested. It has an immense factory and most complete facilities for making 300 machines per day. It has already made and sold 325,000 machines, each one speaking for itself and the company that made it.

It can now turn out 100,000 machines every year. The recent rapid growth of its trade and large demand will justify this output.

It wants your trade, and will give you the best machine in the world. Carefully examine it. Recognize the principles on which it is constructed. No other like it—because it costs too much for the old line companies to make. Their old style antiquated machinery will not do the close and accurate work necessary to turn out a rotary. It is twenty years ahead of all competition. Highest grade, fastest speed, finest made, the "Standard" of the world. Young, ambitious, enterprising, it knows that to succeed in face of the steady competition and calumny of the older companies it must give you a machine very far superior in principle and workmanship. It has done so, and the 325,000 users of its goods are unanimous in saying so. It wants your intended purchases also. Its machines are better than the best, and it stands by this assertion. Prove it by its use, and if not so it will never cost you one cent. Ask for the "Standard."
